

College Advising Resource for Dallas-Area Seniors & Parents

Friends,

Do you know a Dallas-area senior that could use extra guidance to finish the college application and financial aid process? Have them **text their district name** to phone number **(972) 992-1681!**

Thanks to the dedication of over 60 area college advisors, counselors, and local college admissions/financial aid staff, students in seven school districts can send and receive text messages about the college application process. Parents can also sign up to receive text reminders in English or Spanish at participating districts.

The texts cover every part of the college-going process from now through the students' first few weeks of college. If a student decides to enroll in one of the partner colleges, their account rolls over so they can text with their admissions/financial aid advisor.

Learn more at youcanaffordcollege.org/dallascountytexiting and download district-specific flyers and toolkits.

Together, we can help more of our students attend college and be on the path to successful careers!

Participating School Districts:

- Cedar Hill ISD
- Dallas ISD
- DeSoto ISD
