Geographic Data

## Indicators

1. Mean Annual Rate of Change (MARC) is presented whenever possible over all the years for which data are available. The direction of the trend is indicated by color.
2. The direction of change for current and previous year data is also indicated.
3. The Texas Education Agency began to phase out the Academic Excellence Indicator System (AEIS) based on Texas Assessment of Knowledge and Skills (TAKS) in 2012 and replaced it with the Texas Academic Performance Reports (TAPR) based on State of Texas Assessment of Academic Readiness (STAAR) and End of Course (EOC) tests. Results from both systems are included here.
4. Texas Higher Education Coordinating Board Region 3 (Metroplex)
5. Institutions of Higher Education in Region 3
6. Education Service Centers 10 and $\mathbf{1 1}$ separately (Combined data not available)
7. Municipal Counties in Education Service Centers 10 and 11
8. 2000 and 2010 Population Estimates and 2015 and 2020 Projections in State and Region 3 by Ethnicity (Ages 18 - 35 only)
